

Cookie Policy

Last updated: November 15, 2025.

This policy explains how AVES MIT D.O.O., Šandora Petefija 3C, 24210 Bajmok, uses cookies and similar technologies on its website, in accordance with the General Data Protection Regulation (GDPR) and the Personal Data Protection Law of the Republic of Serbia (ZZPL).

1. What are cookies?

Cookies are small text files that are stored on your computer, mobile device, or other equipment. Cookies allow the website to recognize your device and improve functionality, security, and user experience.

Cookies may be:

- **First-party** – set by our website.
 - **Third-party** – set by external services such as Google and other service providers.
-

2. What types of cookies do we use?

2.1. Necessary cookies

These cookies are required for the website to function properly. They enable basic features such as security, sessions, and access to certain parts of the site.

They are set without your consent because they are essential for the functioning of the website.

Cookie name	Purpose	Duration	Origin
PHPSESSID	Session maintenance	Until end of session	First-party
cookies_and_content_security_policy	Stores user's cookie choices and consent	1 year	First-party

2.2. Functional cookies

We do not use functional cookies.

2.3. Statistical cookies (Google Analytics)

We do not use statistical cookies.

2.4. Marketing cookies

We currently do not use cookies for advertising, remarketing, or user profiling.

3. Managing consent

Our website uses the Cookies and Content Security Policy (CCSP) tool for cookie management. A cookie banner will not appear because we use only necessary cookies.

4. Third-party cookies

If we use third-party services (e.g., Google Maps, Google Analytics), they may set their own cookies.

We do not have control over these cookies.

Detailed information about third-party data processing is available in their respective privacy policies.

5. Changes to the Cookie Policy

We may update this Policy from time to time. Any change will be published on this page with an updated date.

In case of significant changes, users will be notified through a banner or another notification mechanism.
